

Pizza Wars Quiz with Proper Focus Management Transcript

Time (mm:ss)	Audio	On Screen
00:00	<no dialog or other audio>	A Pizza Wars Quiz screen with “Pizza Wars: Quiz!” heading, a decorative pizza image, a question, and two options: New York or Chicago. The current question is “2. Which pizza is eaten by hand?”.
00:01	Two, which pizza is eaten by hand? New York, button. New York. Correct.	The VoiceOver cursor is currently on the quiz question. The user then navigated to and selected the New York button. After the user selected New York button, the “Correct!” text appears before the quiz question. The quiz question changes to “3. Which pizza has deep crust?”. The VoiceOver focus is moved from New York button to the “Correct!” text.
00:12	Three, which pizza has deep crust? New York, button. Chicago, button. Chicago Correct. Four, which pizza is eaten with utensils? New York, button. Chicago, button. Chicago. Correct.	The user continues with the quiz questions. After the user selected the Chicago button for the next two questions, the “Correct!” text appears before the quiz question and the question dynamically changes to the next one. Then, VoiceOver focus is moved from the Chicago button to the “Correct!” text. For question 4, the quiz question changes to “4. Which pizza is eaten with utensils?”. For question 5, the quiz question changes to “5. Which pizza has large pies?”
